Come Experience The Rhythm!

Opus' debut CD "Rhythmic Intensity" promises to be just that! The repertoire provides the listener with different types of rhythmic textures expressed in the mix of sacred and secular music. Titles such as "The Phantom of the Opera" and "Hava Nageela" are interjected with a few "Intense Surprises."

This fourteen member group from the Turlock/Modesto area performs on five octaves of Malmark handbells, four octaves of Suzuki tone chimes and Whitechapel handbells.

Musical Artistry in Motion!

Handbells at Christmas are the perfect hue, but tonal painting with bronze brings a splash of color to an empty canvas throughout the year. Experience the musical artistry of Opus and a "touch of bronze" through "An Opus Handbell Christmas."

This fourteen member group from the California central valley performs on five octaves of Malmark handbells and four octaves of Suzuki tone chimes.
